

### Choose your Escrow Holder Wisely.

Independent escrow companies are not “controlled” and are licensed to conduct escrow by the California Department of Business Oversight (DBO) and adhere to the strictest of licensing guidelines, including but not limited to:

- A certification program for all employees in the company, including fingerprinting and background checks by the Department of Justice.
- A requirement that a Manager/Escrow officer with at least 4 years of experience be on-site.
- Financial stability requirements, including a minimum of two audits per year.
- Prohibiting employment of convicted felons or anyone who has been disbarred from the Escrow industry.
- Membership with the Escrow Agent’s Fidelity Corporation, which provides a \$4 million fidelity bond.
